PHILADELPHIA, PA.

PHILCO

OWNER'S SERVICE POLICY

WE are greatly pleased to welcome you as an owner of a Philco Balanced Unit Radio and are confident that your choice of Philco has insured your getting many thousands of hours of broadcast entertainment and music with the greatest possible naturalness and purity of tone.

The only reason for the extensive laboratory experiments, the great care given even to the smallest designed feature, the caution throughout the manufacture, and the hundreds of tests on each Receiver is to give you complete satisfaction.

Our interest in a Philco Radio does not stop when a dealer installs it in your home. There are throughout the United States and Canada nearly 200 distributing centres with highly trained personnel and complete facilities for the correct servicing of Philco Radio, if such service is ever required. The Service Managers of these distributors are at all times ready to instruct and help Philco Dealers so that your Philco will be properly installed and

serviced. This service organization has been functioning from the beginning of Philco Radio.

To further protect your interest, each new model of Philco Radio is guaranteed by the factory against defective material and workmanship for a period of 90 days. The registered Philco Dealer from whom you purchased your Radio has full authority to carry out this guarantee. If you should move to another city so that your dealer is no longer available, you can very likely find a Philco Distributor in the phone book and explain the case to him. If unable to find a distributor nearby, write to the nearest Philco Office as listed on the last page of this pamphlet.

For your convenience and protection we urge you to save the record of your purchase as filled out by the dealer in this pamphlet. This will prevent any possibility of a misunderstanding and will help you get all the service to which you are entitled.

STANDARD WARRANTY

We warrant each new Radio Receiver and Speaker manufactured by us to be free from defects in material and workmanship under normal use and service, our obligation under this warranty being limited to making good at our factory or factory depots any part or parts thereof which shall, within ninety (90) days after delivery of such Receiver to the original purchaser, be returned to us with transportation charges prepaid, and which our examination shall disclose to our satisfaction to have been thus defective; this warranty being expressly in lieu of all other warranties expressed or implied and of all other obligations or liabilities on our part, and we neither assume nor authorize any representative or other person to assume for us any other liability in connection with the sale of our Receivers or Speakers.

This warranty shall not apply to any Receiver or Speaker which shall have been repaired or altered outside of our factory or factory depots in any way so as, in our judgment, to affect its stability or reliability, nor which has been subject to misuse, negligence, or accident, nor which has had the serial number altered, effaced, or removed. Neither shall this warranty apply to any Receiver or Speaker which has been connected otherwise than in accordance with the instructions furnished by us.
