PHILCO
FOR 1949

*Table
Radios*

The PHILCO name
on a table model is
*Your Guarantee
of Quality*

In a table radio, above all, be sure of the quality and satisfaction which are the promise of the Philco name. Years of research in the laboratories of the world's largest radio manufacturer have found the way to put the utmost performance and quality in compact space at the lowest possible cost. And more than that, you can be sure that no compromise is made with the rigid standards which have made Philco famous for quality the world over.
