Amazing Offer to Radio Users!

PHILCO Radio "A" and "B"
Socket Power

Runs Any Radio from your Electric Current

This is the Famous Philco
"AB" Socket Power

Yes, you can now have radio power for your radio set as dependable and as constant as your electric current. It makes no difference what kind or what make of radio set you have, Philco Socket Powers will give you both A and B Radio Power from your electric light current, no matter what kind of electric current you have.

Think of it! Here is your opportunity to do away with dry-cell battery troubles, "B" batteries, and the "A" storage battery. No more recharging to do; no more dry cells to replace; no hum; no distortion.

Yours on Easy Payments

You can buy the marvelous Philco A and B Socket Powers on Easy Payment Terms. You merely make a small down payment and then you can pay the balance in the easiest of easy monthly installments.

Liberal Allowance on Your Old Storage Battery

It's a fact. It makes no difference what make of "A" storage battery you have; it makes no difference how old or worn out it may be; we will make you a liberal allowance for it on the purchase of a brand new, guaranteed Philco AB Socket Power.

Installation on your Radio Set FREE

No matter where you live, we will gladly install your Philco Socket Power free of charge. We understand exactly how the installation should be made and we will connect it perfectly and correctly and guarantee complete satisfaction, at No Additional Cost to You.

Easy as Turning On Your Electric Light

No more fuss! No more bother! No more annoyance caused by recharging and replacing! One switch controls everything. All you do is snap it ON, and from your house current you get a strong, steady flow of A and B power. Snap it OFF and your radio is silent.
