PHILCO Battery Packs for Battery-Operated and Portable Radios.

**PHILCO Flashlight and Radio "A" Batteries**

Famous for numerous **FIRSTS** in its many fields of endeavor, PHILCO has also achieved great prominence in the manufacture of Dry Batteries by being—  
FIRST to use extruded seamless zinc cans in all sizes.  
FIRST to use the strong, very absorbent and thin Paper Separators.  
FIRST to put more mix into each cell.  
FIRST to use extra heavy and controlled thickness zinc cups for extra battery service.  
FIRST to cut the rim of the zinc can for better seal and longer battery life.
