

# PHILCO SANDUSKY

FEBRUARY 1951

# P.S.—Philco Sandusky

Published monthly under the supervision of the personnel department.

## CONTRIBUTORS

Del Arend, Lucille Clark, Grace Roberts, Marjorie Hartung, Ruth Fiorito, Gertrude Conklin, Catherine Holler, Glen Solomon, Joe Hlastan.

## PHOTOGRAPHY

Marvin Weilnau

## ATTENTION, CHESS PLAYERS

We have been asked to find out how many persons in the plant are chess players, so if any of you are addicted to this form of recreation, will you please leave your name at the Personnel Department? There will be further announcements if interest warrants the organization of a club.

## MEMORIALS FOR FORMER EMPLOYEE

Word has been received that Henry J. Stein, a former employee, has been honored by memorials at St. Paul's Lutheran Church in Sandusky. A new hymnal for the altar was presented by Local 701 IUE-CIO, and a new Altar Liturgy was presented by his fellow workmen. Since Mr. Stein was a member of this church for over thirty years, and a member of the Church Council for twenty years, it is indeed fitting that he be remembered in this fashion.

Mr. Stein's son, Wilson, is a member of our Maintenance Department.

### In Memoriam

Edna Schumacher, an employee of Philco since November, 1937, died January 13, 1951, following a long illness. A native of Sandusky, Edna attended school here. She was a member of Sandusky Bay Rebekah Lodge.

We wish to extend our deepest sympathy to all her family, her many friends here, and most especially to her son Lyle, also a Philco employee.

**PHILCO FACTS**

PHILCO UNDERTOOK A TOUGH DEADLINE ON ITS WARTIME CONTRACT FOR IFF MATERIAL, AND MADE GOOD BY DELIVERING THE FIRST UNITS IN A COMBINATION BAGGAGE AND BOXCAR ESPECIALLY FITTED OUT AS A LABORATORY FOR LAST MINUTE ADJUSTMENTS.

1938 PHILCO REFRIGERATORS 1950

A RELATIVE NEWCOMER IN THE REFRIGERATION FIELD, PHILCO IS NOW LEADING THE INDUSTRY IN SALES OF REFRIGERATORS THROUGH APPLIANCE DEALERS.

PHILCO'S PIONEERING IN THE TRANSMISSION OF PICTURES WITH 525 SCANNING LINES HELPED TO ESTABLISH THIS STANDARD FOR PRESENT TELECASTING BY THE F.C.C. IN 1941.

## A CALL TO ARMS

(FROM THE CRISIS)

by Thomas Paine

These are the times that try men's souls. The summer soldier and the sunshine patriot will, in this crisis, shrink from the service of his country; but he that stands it NOW, deserves the love and thanks of man and woman. Tryanny, like hell, is not easily conquered; yet we have this consolation with us, that the harder the conflict, the more glorious the triumph. What we obtain too cheaply we esteem too lightly:—'Tis dearness only that gives everything its value. Heaven knows how to set price upon its goods; and it would be strange indeed, if so celestial an article as FREEDOM should not be highly rated.

## Philco Leads City's Industries In March of Dimes Collection

This plant's contribution of \$165.04 topped industrial collections for the March of Dimes in the city of Sandusky.

It is a pleasure to congratulate everyone concerned on this fine record.

## THIS MONTH'S COVER

The cover for this issue is really a 'before' and 'after' story. We thought you would enjoy the view of Sandusky at the turn of the century. Note that there is *only one automobile* on our main street! Now, for a contrast, turn to the back cover of the P.S.

We are most grateful to the Sandusky Chamber of Commerce for their permission to reprint these views.

## "KATIES KIDDY"

Gary Hughes, son of Gordon and Kate Hughes—1307 Shelby St. Katie is employed at Philco in Radio line 1.

# THE WIRE ROOM

Here is an example of a small but mighty department at Philco. From this section, which occupies approximately 1300 square feet of floor space come all the cut wires necessary to keep production rolling in both the Radio and Television Departments.

The various colored wires which are so essential to our industry arrive in spools containing as many as 14,000 - 16,000 feet. These must be cut to the different lengths required by production, and the protective coating stripped back. This is done by Artos Wire Cutting and Stripping Machines. These machines normally cut 3000 - 4000 wires per hour up to thirty inches; however, they can be adjusted to cut wires any length from two inches to ninety-six inches. The longest wire ever cut here was sixty-four inches. These machines cut any gauge of wire up to No. 12.

The stripping process varies from a ZZ strip, which is the smallest, where the wire is stripped 1/4 inch on both ends, to an E strip, where 1/2 inch is stripped on one end, and 1 3/4 inches on the other. In all, there are fifteen different stripping lengths. At the present time, approximately 500,000 feet of wire per month are cut in our wire room.

This department, consisting of eight members, is under the supervision of Edwin 'Nitch' Mayer.

Edwin Mayer is the Wire Room Supervisor.

In the foreground, Charlotte Kessler rolls vinylite wires before they are dipped into molten lead. In the background, Myrtle Bellis and Eva Jewell are dipping wires.

A general view of the wire cutting machines. Seen in this picture are, in the foreground, Burton Barnhart and Ollie Griffith. In the background one can catch a glimpse of Dale Schnee and Francis Corrigan.

Burton Barnhart operates the CS 6E. This machine has a pre-feeding device.

Clyde Mock is seen here operating the Flexo Press (nicknamed the spaghetti cutter). This machine cuts sleeving, which is a preparation to prevent wires from shorting. Clyde is set-up man and relief operator for this department.

One of our Artos Wire Cutting and Stripping Machines. This machine is usually operated by Ollie Griffith

# THINGS WE'VE SEEN AND HEARD

Among those traveling in the south in January were Dale Schnee, wire room operator, and Ralph Meyers of our Incoming Department. They report that they especially enjoyed the mountains. Quite a change from our section of the country, weren't they, boys?

\* \* \*

William Meyers' wife presented him with a five pound ten ounce daughter, Mary Ellen, on January 28. William is truck driver for the Receiving Dock.

\* \* \*

The Green families wish to express their thanks and deep appreciation to all those who helped them when they lost all their possessions by fire on January 8.

\* \* \*

Mary Lou Groves of the Radio Rivet Department was married to Gene Duden Saturday, February 3, at Grace Episcopal Church in Sandusky. A wedding supper was served at the I.A.B. Club after the ceremony.

\* \* \*

Among recent plant visitors were representatives from Philco Corporation, Toronto, Canada.

\* \* \*

Our plant physician, Dr. Alvin J. Tight, has been appointed Chief of Staff at Providence Hospital. He will serve in this capacity during the coming year.

\* \* \*

Among recently announced engagements is that of Elmer Fischer of the Industrial Engineering Department to Mary Hacquard of Cleveland, Ohio.

\* \* \*

Did you know that, according to a recent survey, approximately twelve per cent of TV sets in use in the New York area are Philcos? This figure was reached as a result of a poll of more than 125,000 homes.

The Cleveland Plain Dealer sent two of their representatives here January 26, for pictures and material for an article featuring this plant. This article was one of a series on industries in northern Ohio. Peter Greenough, the Industrial Editor, was the author of the article, and Norbert Yassage was the photographer.

\* \* \*

Sally Held is the mother of a baby girl. The proud grandparents are Mr. and Mrs. Carl Hissong (Lillian and Carl Hissong), both of whom are Philco employees.

\* \* \*

The first Old Timers' Party of the year was held at Plum Brook Country Club Saturday, February 3. According to reports, a fine time was had by all, and everyone is looking forward to the next gathering of the Old Timers.

\* \* \*

Bea Stafford has returned to work after taking an extended Sick Leave. While on her leave she spent some time recuperating in Hollywood, Florida, with her parents. We are glad to see you back Bea, but gosh, didn't you hate to leave the FAMED Florida Sunshine for our tons and tons of ice and snow?????

\* \* \*

AND do we hear that a certain Quality Check girl in Radio is being VERY MYSTERIOUS these days about whether or not she is planning on changing her title from Miss to Mrs.????

\* \* \*

Lorraine Page has really been wrestling with the flu germs and has had to take a 3 weeks leave of absence but we hear that she is much better and hopes to be able to return to work again soon. We miss you Lorraine.

The Forgetting to really end all forgetting was the Friday "Red" Probst completely forgot all about getting his check—in fact he didn't even give it a thought until he arrived home and his wife Betty stopped off to cash hers. Can anyone better that????

Or maybe, when it comes to forgetting, Ethel Jones has him beat. She got all ready to go to work one morning, had arrived at the corner where she picks up her ride when alas—she had forgotten those vital gadgets, her food choppers. Her driver, Ernie Portner and she then dashed to her home to pick up the poor forgotten objects but her husband had remembered and was on his way to take the articles to her—so after chasing him for blocks Ernie finally caught up with the missing husband and all was well.

\* \* \*

A short while ago the girls in Bertha Johannsen's section on line 1 in Radio had a get-together at the morning rest period and presented Grace Edwards with a gift. Grace is starting a years leave of absence to await the long-legged bird with a special bundle in his beak.

\* \* \*

Evelyn Meggitt is just going to HAVE to learn that when she wants to scratch her head she will have to put down her air-gun first—or the next time—maybe it will pull out her hair instead of just getting tangled and part cut out. AND we will have to caution Jack Eakin to be more careful in the future when he gets excited and dashes to the aid of fair damsels in distress—did you see WHO you pushed Jack?????

\* \* \*

We hear that the vows which will make them Mr. and Mrs. Sonny Roma and when they promise to Love, Honor AND Obey are to be taken on March 17th. Good Luck, Kids.

Guest of honor at this pot luck was Mary Ann Manuguerra. Mary Ann is currently taking a twelve months' leave of absence.

The Test Section on Line 5, Auto Radio, was full of good food when this picture was taken.

We heard it predicted that one of these days Dorothy Fisher would try doing the splits while bowling—and guess what?? She almost did that very night—and what a spill it was. Oh well, Dotty, that is all included in the game they say.

\* \* \*

We are glad to see Maxine Willet back at work again after being off on the sick list for quite some time.

\* \* \*

The Gals and Guys on line 1 in Radio presented Bob Duskins with a lovely though one-day premature birthday gift. Bob's birthday is on the same day as George (I cannot tell a lie) Washington, so as we had a holiday to celebrate their combined birthdays, Bob also got in two days of celebrating this year. Again we say, Happy Birthday, Bob, from your whole gang.

\* \* \*

The girls in Carmella Roma's section held a pot luck in honor of Valentine's Day. Carm, who had just returned to work, was in time for the festivities.

\* \* \*

Among those returning to work is Thelma Seifert. Illness was the cause of her absence.

\* \* \*

Lucille Williamson will be leaving us March 3. Reason? Marriage.

\* \* \*

Joanne Walton recently became Mrs. Dye. Among her gifts was a lovely lamp from the girls in her section.

\* \* \*

Virginia Eddy has been married twelve years, and guess what? She recently received a lovely ring and a beautiful Valentine from her husband. That's real love, isn't it?

\* \* \*

Tom Hiss is now charging one dollar to use his jacket on chilly days in the shop. That's a black market price, Tom!

\* \* \*

Ruth Millis will be walking down the aisle March 3 with Kenneth Pfistner. The newlyweds plan to make their home in Michigan.

Jean Smith, we see, has a lovely new ring these days.

\* \* \*

We are all glad to see Clara Silvani and Marge Armstrong back from their leaves.

\* \* \*

Catherine Krynock was well remembered with gifts on her birthday.

\* \* \*

If anyone wants to know how to make pancakes and keep them from sticking, just ask Shirley Smith.

\* \* \*

Also planning a wedding one of these days is Connie Didion.

\* \* \*

A new Sandusky resident is Marian Jess.

\* \* \*

Stock boy Bob Allan is back on the job in the TV Cabinet and Tube Line, after being absent a few days because of a bruised foot.

\* \* \*

Phil Stevko delays his haircuts because he says he wants to look older!

\* \* \*

Phil and Don are really rushing Thelma these days!

\* \* \*

Bill Wagner almost had an accident because of battery acid, but his foreman came to the rescue and rushed him home.

\* \* \*

John Mazza is the new manager of the I.A.B. ball club.

\* \* \*

Ollie Eaglin claims he has gained ten pounds since working for Philco.

\* \* \*

Cabinet line muscle men are Nick, Woody, Baldy, and Howard.

\* \* \*

Bill Weakly claims he is a former carnival man.

\* \* \*

Anytime you are interested in hearing an "Amos and Andy Brown" program, just come over to the Cabinet Line and listen to Harry B.

"A Thought." During these trying days, when the world is so troubled, just keep this thought in mind: Be thankful for what we as Americans have! M.A.H.

\* \* \*

We were told that Ray Wood is glad they moved the line he works on in Radio back from Line 3 to Line 1—it really saves on the shoe leather by making him closer to the smoking room again!!!

\* \* \*

Ida Driscoll was the honored guest recently at a Stork Shower given by Jean Painter, Lena Clary, Jeanne Rohrbacher and Jean Gilbert. The evening was spent playing Progressive Bingo after which luncheon was served at a table appropriately decorated with a stork. She received many lovely and useful gifts from the following guests—Minnie Tompkins, Mary Herber, Clara Ruthsatz, Marilyn Manner, Opal Gerber, Margie Holodnak, Phyllis Fox, Helen Walton, Lois Hahn, Elizabeth Lippert, Mary Louise Francisconi, Mrs. Francisconi, Mrs. Driscoll, Mrs. Elmer Beverick and the hostesses.

\* \* \*

The girls on Radio line 1 are admiring the beautiful Valentine encircling the third finger on Florence Parker's left hand. The lucky guy is Raymond Cook but Florence tells us that the date has not been definitely set yet.

\* \* \*

Virginia Usher of TV #1 took a leave of absence lately for a few days before her husband left for service. She has now joined the ever increasing ranks of "The gals left behind."

\* \* \*

What TV supervisor was very much disappointed in his birthday present?

\* \* \*

Among those vacationing in Florida was Juanita Szekely. She certainly picked a good time, while Old Man Winter is giving us the works.

\* \* \*

We were always given the impression that most chicken is tender. But a certain girl on Line 3, TV, found it both tough—and expensive.

Continued on Page Eight

is section from Line 1, TV, was among the groups which enjoyed pot lucks in the cafeteria recently.

Ruth Downs has left us to make her home in Indiana, following her marriage. She is seen here with the gift she received from her friends on Line 1 TV.

## Service Notes

Orville Smith writes from Japan: Speaking about outside of the U. S.: I have traveled about 8,000 miles since leaving Philco. Pretty scenery and quaint people here in Japan, but I wouldn't trade our back yard for the whole of Japan. Boy, it is really surprising to see how the other half of the world lives. It seems impossible that people exist here the way they live and on what they eat. Small homes about two rooms, and fish and rice the main food. Every little bit of possible land is cultivated. These people are very shrewd and practical; I guess that is what gets them along.

Orville H. Smith, Jr. SA  
420-63-62 3rd Div.  
USS Bataan—CVL 29  
Fleet Postmaster  
San Francisco, Calif.

Jerry Roth sends word from Great Lakes that he still doesn't have his undress blues! Seems that the Navy doesn't have many recruits as tall as Jerry. He wishes our basketball team luck, and expects them to take the City League Championship.

Gerold Roth S/R Co. 190  
Camp Dewey Bldg. 1302 EL  
USNTC 4208150-12 Reg.  
Great Lakes, Illinois

The following men have reported for active duty since December:

- Donald Klein
- Donald Roth
- Robert Schenk
- Donald Davis
- Frank Kochensparger
- James Mann
- Chick Hendrickson

Here are more service addresses:

- Pvt. Donald R. Klein 1168422
- Plt. 129 "O" Co.
- 4th Recruit Trng. Bn.
- Parris Island, South Carolina
- Pvt. Chick Hendrickson US 52080618
- S31st Red. Sup. Co.
- Fort Bragg, North Carolina
- Ramon White AA
- B.T.U. 1S USN AAS
- Whiting Feld,
- Milton, Florida

Ralph Meyers, former stock boy for the Incoming Inspection Department, left for the Army February 15. With him go the best wishes of all his friends at Philco, who presented him with a handsome gift before his departure.

## Service Literature Available In Personnel Department

Literature of interest to persons about to enter the Armed Forces is now available in the Personnel Department, and may be consulted there. Just come up and ask for Randall Schunk during your lunch hour or rest period. Because we have a limited number of copies, they may be used in the Personnel Department only.

## DARTBALL

Philco Dartball got another late start this season, with the team playing for the first time last month. To date, we have two wins and four set-backs.

Frank Corrigan, newcomer to the Philco darters is leading the team with a .681 average. Corrigan has fifteen hits in twenty-two trips to the plate. Robert Hottenroth is in second place in the hitting department with a .675 average; and Jack Gerold is in third place with a .583 average.

Don Nemitz is leading the Woodpecker department with five.

	G.P.	A.B.	H.	W.P.	AVE.
Frank Corrigan	3	22	15	1	.681
Robert Hottenroth	6	37	25	3	.675
Jack Gerold	6	36	21	3	.583
Joe McCormick	3	22	12	2	.545
Roger Skiver	3	17	9	3	.529
Francis Skrinak	3	18	9	0	.500
Frank Glorioso	3	18	7	0	.388
Don Nemitz	6	36	14	5	.388
Del Arend	6	39	15	4	.384
Harry Nemitz	3	22	6	2	.272
Fred Propst	3	15	4	1	.266

## SAFETY NOTES:

### Warning

All persons working with television tubes (cathode-ray tubes) are cautioned against careless handling and injuries which can occur through a tube breaking. The tubes are glass and when broken will explode glass over a wide area. Regulations for careful handling are:

1. Do not drop or strike a tube against any object.
2. Do not place tubes on any surface excepting padded benches, conveyors or other specially constructed equipment.
3. Use special racks for transporting tubes. Racks with any defect must be repaired before put in use.
4. A slight scratch—nick—or cut in the glass tube can cause a violent implosion (followed by an explosion) hours after the damage has been done.
5. If a tube is struck or scratched, it should be placed in the shipping container and supervision notified of the possible danger.
6. A tube will not break unless some slight damage has been inflicted due to handling and by extreme care in handling, the danger of personal injury from flying glass will be eliminated.
7. The full and understanding cooperation of all employees is needed to prevent even one of us from receiving injuries.

FOR FURTHER INFORMATION  
CONSULT YOUR FOREMAN  
OR LEE SCHECK, SAFETY DIRECTOR

### FAMOUS MARCH BIRTHDAYS

- March 15 ..... Andrew Jackson
- March 16 ..... James Madison
- March 18 ..... Grover Cleveland  
(22nd and 24th President)
- March 29 ..... John Tyler  
(Tenth President)

## GUEST SPEAKER AT RADIO AND TELEVISION SUPERVISORS CLUB

Guest speaker at the February 22 meeting of the Philco Radio and Television Supervisors' Club was Father Duffy of New London, Ohio. Father Duffy, a survivor of the Bataan death march, spoke on his war experiences and current happenings in the Far East. The following officers were installed for the coming year at this meeting:

- Elmer Lippert ..... *President*
- Thomas Coles ..... *Vice President*
- George Klug ..... *Secretary*
- Harold Stevens ..... *Treasurer*
- Thomas Kastor ..... *Sergeant at Arms*

The Board of Governors consists of the following members: Elmer Lippert, George Klug, Paul Riesterer, Orville Platte, and Jack Eakin.

### Things We've Seen and Heard

Continued from Page Five

During the month of February, a number of our girls marked their thirteenth year at Philco: Grace Witte, Mildred Shepherd, Mildred Smith, Helen Murphy, and Catherine Holler. Congratulations, All!

\* \* \*

Line 3 of TV wishes to extend sincere sympathy to Emma Walton on the death of her mother-in-law.

\* \* \*

Girls, if you are interested in matrimony, ask the proper girl in TV where Squirrel Bend is. Seems that the men from there are really handsome.

Tom Franklin, who is stationed at Scott Field, Illinois, received a surprise visit from his fiancée, Shirley Baumer, the week-end of February 3.

\* \* \*

Carol Rinker has announced her forthcoming marriage to William Nank, co-operative student from Fenn College, who has spent several quarters here. Open church is to be observed at the First Presbyterian Church, March 17, at seven P. M.

\* \* \*

Leo Ryan of the University of Detroit has completed his work here, and has resumed his studies. He is being replaced by Jack Cvetich of Rochester, Pennsylvania.

Back at work is Andy Ruff. We think it is news-worthy to mention that in his eighteen years at Philco this is the first time that he has taken a leave of absence for personal illness.

\* \* \*

Lucky Lois Wagner spent two weeks in February in Florida soaking up the sunshine.

\* \* \*

Congratulations to Edwin Rice of TV on the safe arrival of his son, Dale Lee, February 11. Dale is Eddie's second son.

\* \* \*

We wish a speedy recovery to Jack Donahue of Timekeeping, who has been hospitalized. Also on the sick list from this department is Nancy Gast. We hope you will be back soon, Nancy.

THINK • WORK • ACT — SAFETY
