

PHILCO CORPORATION

OF CANADA LIMITED

TORONTO
CANADA June 1, 1942.

TO ALL R.M.S. MEMBERS:

EIGHT YEARS OF SERVICE!

June, 1942, is the ninth birthday of the Radio Manufacturers' Service organization, and all members have every reason to be proud of the splendid progress of this association. For the benefit of the many new members, we are recording here a few of the many R.M.S. accomplishments.

1. Establishment of R.M.S. Emblem with the public as the standard trademark of quality radio service.
2. Establishment of standard service labour rates--to provide fair profits and reasonable charges.
3. Made technical data, sales and radio service bulletins available FREE in regular mailings direct from R.M.S. Central Headquarters.
4. Recommended R.M.S. members' service direct to millions of Philco radio owners, by instruction sheets, labels, and other ways.
5. Sponsoring numerous campaigns to promote the service business and to make the public "Radio Service Conscious".
6. Sponsored technical service gatherings in hundreds of communities.
7. Increased members profits by numerous sales plans and promotions.
8. Elevated the prestige of radio serviceman members through the approval and backing of Philco--the biggest name in Radio.

But R.M.S. is not content to rest on its laurels and "let the world go by". A new Philco-sponsored Service Plan is almost ready to be announced now, that will materially benefit all R.M.S. members. This plan is a logical extension of R.M.S. activity to fit the present radio conditions. Full details will reach you in July.

R.M.S. SAMPLE BOOKS

It is now more important to you than ever before to let your prospective customers know that you are the R.M.S. man referred to in all Philco national advertising. Your Philco distributor now has an R.M.S. Sample Book containing samples of all R.M.S. literature. Be sure to look this over carefully on your next visit, and select your requirements of R.M.S. advertising material.
