

22 years of leadership bring...

THE GREAT PHILCO

The World's Finest Radio... Philco 960

**Most powerful, greatest performing set of its kind ever designed...
9 tuning bands... short wave reception from all the world**

HERE is the radio built expressly for those who want the very finest ever created—designed by Philco to celebrate 60 years of progress in electronic research. The most advanced developments in the science of electronics have been engineered into this magnificent radio.

Nine tuning bands, bringing you powerful, short-wave reception from all the world... Korea... Berlin... London... South America... from

land, sea and sky! Unmatched clarity, selectivity, and tonal quality. Truly, a masterpiece of radio engineering and design.

Rich stripe Mahogany veneers with solid Mahogany pilasters. Telescopic aerial. Genuine leather gold-tooled instrument panel. Its exquisite cabinetry matches the unparalleled performance of this latest achievement from the world-famous Philco laboratories. Yes, it is the radio that only Philco could create.
